Institute for advanced architecture of Catalonia | BARCELONA

MASTER IN ADVANCED ARCHITECTURE
SO.3 COMPUTATIONAL DESIGN - GENERATIVE ALGORITHMS
2016/2017

TUTORS: RODRIGO AGUIRRE, ALDO SOLLAZZO

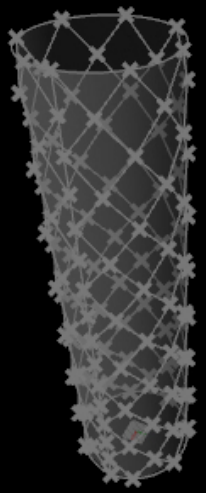

STIGMERGIC SYSTEMS

NIKITA JOHN

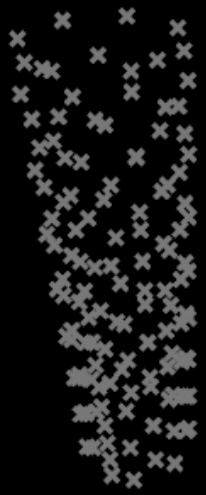

1 A cylinder of base 20 and height 150 as the base geometry.

2 Diagrid structure on the surface.

3 The vertexes of the diagrid are selected.

4 The vertices become the starting point of the iterations.
